An Association of WOCN Nurses

The North Central Region of the Wound, Ostomy & Continence Nurse's Society Invites You to Their Annual Educational Conference

September 18, 2010
Sioux Falls Hilton Garden Inn
5300 South Grand Circle I-229 & Louise
Sioux Falls SD 57108
Ph: 1-605-444-4500

Program Description: Evidence based care is essential to the practice of all nurses as they deal with wound, ostomy, and continence patient issues. This program will educate the practitioner on ways to improve the care they provide as well as increasing their knowledge on these topics. This program is intended for all nurses, health care providers and WOC nurses caring for this variety of patients.

Register on Line at: www.NorthCentralRegion.org

SETTING THE "STAGE" FOR EVIDENCE BASED PRACTICE: *KNOWLEDGE IS THE POWER TO HEAL*

Objectives

- Describe IAD, its epidemiology, prevention and treatment.
- Understand the most current science of deep tissue injury.
- Identify types of common lower extremity ulcers and understand how to prevent amputations.
- Experience the humor and reality of an ostomates trial with her ileostomy over the years.
- Differentiate Venous and Arterial wounds and explore diagnostic and treatment options.

Accreditation:

This continuing nursing education activity was approved by CNE-Net, the education division of the North Dakota Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This educational activity has been granted 5.0 contact hours. Attendance at the entire education activity is required to receive contact hours.

Individuals representing professional disciplines may submit course materials to their respective professional associations for continuing education credit.
